

Staying in the Sun!

Roo-ver must stay in the sunlight to keep its power! Follow the list of coordinates from Start (B4) to End (H7), drawing Roo-ver's path as you go.

Be careful - if you go into a shaded square, Roo-ver will lose power!

Path to Follow:

B4 → C4 → C3 → D3 → E3 → E4 → E5 → F5 → G5 → H5 → H6 → H7
